 **Caution:** To use this product safely, ***always*** follow the safety instructions that came with your power tool. As with any power tool accessory, ***always*** wear eye protection and hearing protection. Blades are ***extremely sharp***; handle with care.

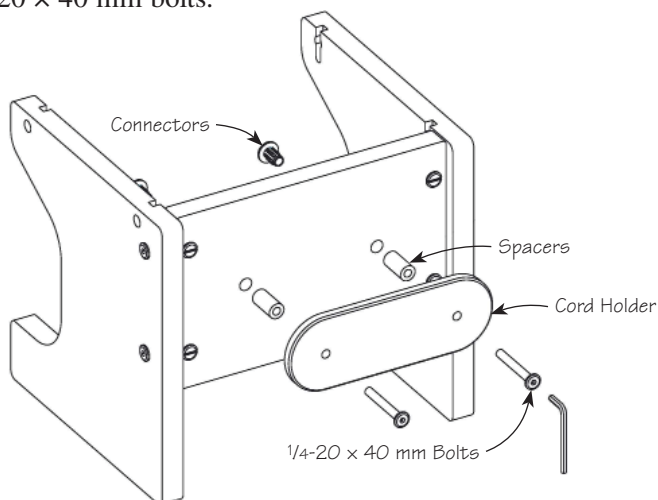

Assembly

Note: Assembly hardware includes eight flanged cross dowels, eight 1/4-20 × 30 mm bolts, two 1/4-20 × 40 mm bolts, two spacers, two connectors, and one hex key.

1. Attach one side panel to the back panel using two flanged cross dowels and two 1/4-20 × 30 mm bolts as shown.

2. Repeat to attach the other side panel.
3. Press the two connectors into the holes in the inside back panel.
4. Attach the cord holder using two spacers and two 1/4-20 × 40 mm bolts.

Installing the Table Top

1. Use the four remaining flanged cross dowels and four $\frac{1}{4}$ -20 \times 30 mm bolts to secure the table top (not included) to the base.
